

What are the potential coverages of a general liability policy?

1

Bodily Injury

If a customer slips and falls in your store, your policy can help pay your legal costs if they sue you

2

Medical Bills

Your coverage can also help pay for that customer's medical expenses if they're injured at your business.

3

Property Damage

If you're working at a client's home and accidentally break a window, general liability would help pay to repair or replace it

4

Reputational Harm

If a client sues you for slander or libel, your policy can help cover your legal expenses

5

Advertising Errors

If someone sues you for copyright infringement or false advertising, your coverage can help you
